MADAGASCAR • FLY-IN LODGE & TOUR

MADAGASCAR
The world’s fourth largest island, Madagascar is a stronghold of exotic landscapes resplendent in their variety, ranging from palm-fringed beaches to spiny forests and limestone karsts. A nature lover’s dream, it shelters a plethora of unique species from baobabs to chameleons and lemurs. It’s important to note that the country has very limited infrastucture for tourists, so even seasoned travellers may find the country’s services and accommodation challenging at times. However, that’s all part of the adventure!
