

NAMIBIA FLY-IN LODGES

4 days/3 nights

Departs daily ex Windhoek

Extra nights available at all camps

Experience the sheer expanse of Namibia's stunning landscapes and make the most of your precious time by flying into some of southern Africa's remotest lodges, three of which we've featured here. These properties are set in completely different environments, showcasing the country's diverse scenery. Be awed by austere deserts with towering dunes, ghostly salt pans inhabited by desert-adapted animals and vast acacia-dotted plains. If you want to explore Namibia but only have limited time, a combination of two or more of these fly-in lodges makes for a perfect safari.

Hoanib Skeleton Coast Camp

HOANIB SKELETON COAST CAMP

4 days/3 nights from \$7032 per person twin share*

This remote Namib Desert camp is located in a rugged valley that slopes down into the consistently dry Hoanib River. Its indulgent swimming pool, lounge and 8 stunning guest suites (including 1 family unit) are a luxurious oasis. Game drives here often reveal desert-adapted animals such as lion and elephant, with the camp's research centre providing deeper insight into these amazing creatures.

INCLUSIONS

Air transfer from Windhoek to Hoanib return, accommodation, all food and drinks (excluding premium and imported drinks), laundry service, park fees & activities. For stays of 3 nights or more a full day scheduled excursion to the Skeleton Coast is included (weather dependent). Children 6+. Guests with children 6-12 must book private activities at an additional cost (on request). Age restrictions for some activities.

Serra Cafema © Wilderness Safaris

SERRA CAFEMA

4 days/3 nights from \$7661 per person twin share*

Nestled in the dramatic Serra Cafema mountain range north of the Namib Desert, this newly built camp offers premium accommodation in one of the most isolated locations in southern Africa. Overlooking the life-giving Kunene River, Serra Cafema has 8 elegant thatched chalets, a communal dining room and bar. Highlights include respectful interactions with local semi-nomadic Himba people, nature walks, quad biking and boating (if water levels permit).
