Observe one of the largest wild populations of chimpanzees in Africa while staying at the idyllic Greystoke Mahale. This little slice of paradise is uniquely set on a white sandy beach at the foot of the Mahale Mountains, overlooking Lake Tanganyika. Each day you can enjoy chimpanzee tracking into the mountains, and stand metres away from these endangered primates, while they remain indifferent to your presence. The camp has 6 charming wood and thatch bandas (chalets) with adjoining bathrooms and upstairs viewing decks. The central thatched dining banda and bar are on the beach. Other activities include kayaking or boating on the lake, hiking, swimming in mountain pools and exploring the lake shore, or just relax on the sand and enjoy your peaceful surrounds.

“I had my own ‘Jane Goodall’ moment when staying at Greystoke Mahale. We trekked into the forest behind the lodge and came across a family of chimpanzees. We spent an hour watching one youngster trying to extract ants from a tree with twigs, another hanging closely onto mum while being very curious about us, elder males sitting wisely watching and adolescents grooming each other in most comical positions. Aside from the amazing wildlife experiences, the lodge is stunning, with its lake-front setting and the towering mountain behind. This was one of the most unforgettable experiences I have had in all my travels to Africa.”

Katavi: Children 12+ Mahale: Children 8+ (chimp trekking 12+)

Luggage limit: 15kgs incl. hand luggage (soft bags only).

Important notes: Due to their remoteness Katavi and Mahale are difficult to access and their price reflects this. The flight from Arusha operates only in one direction and cannot be reversed. Katavi and Mahale can be combined with any of Nomad's other camps (see p138) and, for a surcharge, we can arrange for you to be picked up or dropped off in the Serengeti.

Reached by air from Arusha and only visited by a lucky few, Katavi and Mahale promise remarkable wildlife experiences. Far from the safari circuits of northern Tanzania, the wild and remote Katavi National Park assures an exclusive big game experience. Exotic Greystoke Mahale on a secluded beach by Lake Tanganyika, offers "barefoot" luxury and unique chimpanzee encounters.

Days 1-3 or 1-4 Katavi

Fly from Arusha to Chada Katavi Camp, which occupies a corner of the Katavi National Park, in the far west of Tanzania. Set under a canopy of acacia and tamarind trees, this traditional safari camp offers 6 open-fronted tents on wooden platforms, while the main area has a dining tent and library. Wildlife and action are rarely far from the camp. Activities include guided bush walking and flycamping (extra cost) out under the stars.

Days 4-7 or 5-7 Mahale

Fly 45 minutes further west to Lake Tanganyika, for 3 nights at Greystoke Mahale, where you will enjoy chimpanzee tracking, forest walks, swimming, boating and kayaking.

Day 8 Tour ends

Today you will be transferred by air back to Arusha.
