Travel by luxury train through Tanzania, Zambia, Democratic Republic of the Congo and Angola, from the Indian Ocean to the Atlantic Ocean.

Be part of Rovos Rail's new journey traversing Africa's famous east-to-west copper trail in July 2019. This 15-day expedition travels through four countries: Tanzania, Zambia, the Democratic Republic of Congo (DRC) and Angola.

Departing from Dar es Salaam at the edge of the Indian Ocean, this unique adventure includes a visit to Tanzania's enormous game-rich Selous Reserve, a fly-in two-night safari in Zambia's renowned South Luangwa National Park and a tour of Lubumbashi, the DRC's second-largest city. Learn about Angola's history on foot, strolling through towns such as Luau, Luena, Kuito and Huambo, before concluding your trip at Lobito on the Atlantic coast. Tour also operates in reverse.
